management

SIMPLE TO MAKE ROOM RIGHT

The Yealink MeetingBar A10 caters to all your small space meeting and home office needs. It is compact enough to fit in anywhere. You can set up within minutes and kick off your huddle space meeting in seconds.

MeetingBar A10 optimizes your small space design and minimizes visible cabling with diverse mounting options.

LEADING PLATFORMS WITHIN YOUR CHOICE

The MeetingBar A10 supports diverse video platform experiences. So no matter which platform you use, start your meeting right now!

FOR NOW, AND FOR FUTURE

Starting with standalone device mode, later when the company plans to adopt a cloud video platform, Yealink MeetingBar guarantees investment protection by enabling seamless upgrade to a native experience like Teams or Zoom.

AI-POWERED VIEW, ALWAYS ON TRACK

Though compact, the bar packs powerful AI-enhanced video features. With 4k camera and 120° field of view, important moments are captured clearly.

Auto Framing

Auto Framing recognizes the number and the positions of attendees, framing everyone smoothly in the most appropriate view.

Speaker Tracking

Speaker Tracking frames a real-time close-up on the speaker, bringing a vivid face-to-face meeting experience.

Smart Gallery (Zoom Only)

Smart gallery displays one panoramic view, and two individual view of the current and last active speaker. This allows to display the group more clearly to remote attendees.

AI-ENHANCED VOICE, EVERYONE GETS HEARD

The built-in 8 MEMS microphone arrays and speaker in MeetingBar A10 cover a small space nicely. As a result, you can enjoy a worry-free, full-duplex voice experience with superior performance.

Built-in 8 MEMS mic. array

Full-duplex audio

AI-enhanced noise cancellation

A CLEAN DESK

MeetingBar A10 creates an entirely wireless meeting experience with the WPP30 presentation pod. Not only content sharing but also device mode can be wireless. Reduce clutter, reduce stress. Having a tidy workplace is always rewarding.

WPP30 PRESENTATION POD

WPP30 enables wireless content sharing and device mode with only one step-plugging. Without any configuration steps, you have activated content sharing or device mode.

MANAGEMENT OVER THE AIR

Monitor, control, and upgrade your meeting room devices remotely with Yealink Management Cloud Service (YMCS) account. A batch of devices is managed at your fingertips, over the air.
