VB370A & CP10 G2

All-in-One Collaboration Made Easy Starts Here

Ready when you are, the Zoom-certified AVer VB370A 4K dual-lens video bar and CP10 G2 touch panel give you complete command to launch meetings instantly and share content effortlessly. Powered by built-in Zoom Rooms and Android™, this duo puts you in charge, with the CP10 G2 acting as a central hub via Zoom Rooms Controller. Share crystal-clear content and immersive 4K dual-screen output — no remote required. For more dynamic sessions, easily incorporate multi-angle views by switching to a second AVer USB camera using Zoom Rooms' Multi-Camera feature. It's fast to set up, effortless to control, and built to future-proof your meetings.

VB370A

CP10 G2

VB370A and CP10 G2 work under the same domain.
	KEY FEATURES	USER'S BENEFITS
Audio	Microphone	▪ 14-element beamforming microphone array with 10-meter wide pickup range for excellent clarity. ▪ Enhanced by Acoustic Echo Cancellation (AEC) and Noise Suppression features. ▪ Supports expansion microphone/speakerphone for large working spaces.
	Speaker	▪ Wide Frequency Response (110 Hz to 20 KHz) offers full-range audio clarity. ▪ Volume (96 dB SPL peak at 0.5 meters) — loud and clear sound output.
Video	4K Dual Lens	▪ 4K Sony Exmor CMOS image sensor delivers brilliant high-resolution video. ▪ 120° field of view and 18X total zoom for wide coverage and crisp distant capture.
	Image Processing	▪ Wide Dynamic Range and Digital Noise Reduction deliver sharp, clear visuals, adapting to any lighting.
	4K Dual-Screen Output	▪ See participants and content simultaneously in high resolution. ▪ Expansive visual workspace for meeting fluidity and productivity.
Operating System	Android™ OS	▪ Embedded Android™ OS on VB370A and CP10 G2 streamlines meeting management.
Zoom Compatible	Zoom Certified	▪ Zoom Rooms-optimized. ▪ Professional-grade conferencing guaranteed.
	Zoom Rooms App	▪ Full access to Zoom Rooms-specific features (Scheduler, Direct Guest Join, BYOD Mode, and more).
	Multi-Camera	▪ Connect an additional AVer camera for more dynamic meeting perspectives. ▪ When used with Multi-Stream mode, it supports various camera configurations and allows multiple video feeds to be displayed.
	Focusing & Framing	▪ Auto Framing keeps everyone visible for a polished, hands-free experience. ▪ Speaker Focus promptly tracks and adapts to speakers for precise voice capture. ▪ Multi-Focus automatically frames the in-room participants as individuals in one stream.
Meeting Control & Setup	CP10 G2 Collaboration Touch Panel	▪ Built-in Zoom Rooms Controller App simplifies launching meetings with a single touch for a consistently high-quality meeting experience. ▪ Streamlined setup, PC-less operation, lower hardware costs and complexity. ▪ Hassle-free meeting management and centralized camera control.
Mounting & Cabling	Mount & Security	▪ VB370A offers flexible installation via a TV VESA and optional wall mounts, complemented by the CP10 G2's adjustable stand and optional wall mount. ▪ Both the VB370A and CP10 G2 come with a Kensington lock for added security.
	Cable Management	▪ VB370A cable clips are designed for stress-free cable management.
